18) 2. If the period of 4 months and 19 days from 1-5-48 to 7-10-48 (inclusive) is to be regarded as leave without allowances the same does not count for increments and the increment due to the officer in the cadre of II Class Health Officers with effect from 1-1-49 has to be put off by 4 months and 19 days. As however, the officer was promoted as permanent I Class Health Officer with effect from 1-1-49, entitling him to draw higher rate of salary his increments will not be affected by treating the period in question as L.W.A. In view of this it appears unnecessary to treat a part of the period of leave on full salary already taken as leave on half average salary. The proposal to grant him furlough in anticipation of ~~future~~ future earning is not acceptable as there are no rules in the M.S.R. for the grant of such leave. The period may be treated as L.W.A.

The Director's recommendation is that the rest of the deputation period from 29-9-48 to 7-10-48 may also be treated as furlough on half average salary in anticipation of earning the leave. If this is done, the officer represents that if the leave is commuted as above, there will be no break in his service and will enable him to earn his increments on the due dates which may help him to earn a higher pension.

On the recommendation of the Director, the A.G. has observed as in para 18 of the notes. On the circumstances the question of treating the period of deputation from 30-9-48 to 7-10-48 as furlough on half average salary may perhaps does not arise afresh and

and this period will have to be treated as leave without allowances. But there seems to be no difficulty in commuting the combined leave, as sanctioned as per the recommendation of the Director — so that the period of deputation from 1-8-47 to 29-9-48 may, be treated as service qualifying for pension and thereby help the officer to get a little more pension. Perhaps if this is done, the officer will have to refund the maintenance allowance received by him for the period from 18-5-48 to 29-9-48. The proposal to commute the period of furlough on average salary of 4 months and 10 days into one on furlough on half average salary is not permissible as in that case the total period of combined leave will exceed the limit of 1 year laid down in Art.201(b) of the M.S.R. Also as already stated in this office No.604/G.A.D. dated 28-2-1950, the grant of furlough in anticipation of earning is not also covered by the rules in the M.S.R. Sir,

Sub: Period of the deputation of Dr.C.Gopalaraj Chetty, Health Officer, O.O.D. Mysore University to the United States of America not covered by any leave.

Adverting to Government Order No.M. 2052-51/PH. 9-47-32 dated 14th August 1947 approving the deputation of Sri.C.Gopalaraj Chetty, Health Officer to the United States of America for higher studies for one year under the Rockefeller Foundation fellowship and to Government Order No.M. 3219-20/PH. 9-47-42 dated 25th September 1947 sanctioning all the leave at the credit of the officer, I have the honour to state that the leave expired on 19th May 1948 and orders of Government as to how the period is to be treated from 19th May 1948 till the date of his report for duty viz., 7th October 1948 have not been conveyed.

The Comptroller in Mysore in his letter No.213/CAD dated 14th November 1949, in connection with the grant of increment to the Officer, has stated that specific orders of Government are necessary as to how the period of absence of the officer has to be treated as otherwise the period of break will affect his increments and pension.

In this connection, I wish to bring to the notice of Government that in the case of Sri.S.R.Bhombore who was also deputed to the United States of America on Rockefeller Foundation fellowship, the period from 23rd April 1947 to 28th August 1947 was treated as leave without allowances as the officer had no leave at credit. Government were addressed in this office letter No.AC 4-86-13 dated 16th June 1949 for waiving the period of leave without allowance and for allowing the officer to draw increments without taking into consideration the period of Leave without allowances but the proposal was rejected by Government in letter No.M. 4229/PH dated 20th September 1949 intimating that the proposal is financially unacceptable.

I request you kindly to obtain and convey orders of Government as to how the period from 19th May 1948 to 7th October 1948 date of return to duty of Sri.C.Gopalaraj Chetty is to be treated.

In the light of the above remarks, I am to request you to state if any orders of yours are now necessary.

To

The Additional Secretary to the
Government of Mysore, Bangalore.

Sir,

Period of deputation of Sri.C.Gopalaraj Chetty, Health Officer to U.S.A. not covered by any leave.

--

With reference to letter No.M. 15218/PH. dated 20th June 1950 of the Secretary to Government, Education Department enquiring whether in view of the remarks of the Comptroller that the officer's increment will not be affected, if any orders of Government are now necessary, I have the honour to state that the officer in his letter No. 197 dated 13th July 1950 (Vide copy enclosed) reports that though his increments are not affected yet his pension is likely to be affected in some manner. This appears to be true in case the officer on some ground or the other has to retire before superannuation and before completion of 25 years of service.

I, therefore, request you kindly to obtain and convey orders of Government commuting the combined leave of 1 month and 20 days privilege leave, 4 months and 10 days furlough on average salary and 3 months and 18 days furlough on half average salary granted to Sri.Gopalaraj Chetty from 1.8.1947 into 1 month and 20 days privilege leave and one year and 8 days furlough on half average salary which the officer had at credit. The balance of 8 days from 29.9.1948 to 6.10.1948 (both days inclusive) may also be treated as furlough on half average salary as a special case in anticipation of earning, as Government deem fit.

Yours faithfully,

T. Chandrashekara Rao
Director of Public Health.
